## For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. White-side, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

## Thedford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

Accept Only the Genuine.

### TELLS OF ARMY OF IRISH REPUBLIC

High Officer Gives the Associated Press a Lengthy Statement on Army and Its Operations.

Dublin, Feb. 25.—A high officer of the Irish Republican army has given to the Associated Press a lengthy statement on the army and its operations. This is the first authorized statement thus made public, but the identity of the officer and the circumstances of the interview can not be disclosed, nor is the correspondent permitted to publish the statistical information supplied regarding the total number of forces, both regular and "irregular"—as the flying columns composed of men on the run are termed—now in the field.

The officer who will be designated in the interview as "Col. X," spoke freely, answering unhesitatingly every question propounded, but he enjoined non-publication of various statements, which, he said, "might give information to the enemy."

He emphatically denied the recent declaration of Major Gen. Strickland, in command of the British troops, that the Irish republican army organization was dismembered and repudiated the suggestion that the remarkable activity in the last fortnight was a demonstration to disprove the assertions that the morale of the volunteers was impaired.

"The recent increase in the number of attacks on the crown forces," said Col. X, "was only a natural development due to the perfecting of our organization. From now on there will be further extension and intensification of our operations in all parts of the country."

He intimated that the republican army would soon begin the issuance of a military communique, probably weekly, and added:

"Our system of communication is not yet very rapid but it is certain."

He smiled at a reference called to his attention that Michael Collins was head of the republican army, saying:

"That is a delusion persisted in not only by the public, but by the British government." He did not say whether the direction of the Republican army was in the hands of one man or a committee. There is a large reward outstanding for the arrest of Collins.

Col. X, said:

"The Irish republican army dots the entire country. Our plan is to account for every district either by battalions or companies; every foot of ground is being surveyed and studied with reference to the most promising spots for ambushes and with regard to the disposition of the crown forces."

### BANKER DIES FROM WOUNDS RECEIVED IN DUEL

Fitzgerald, Ga., Feb. 5.—John A. McCall, banker, farmer and cotton buyer, who figured in yesterday's duel with S. S. Fryer, in the Bank of Rochelle, died here early this morning. Fryer was killed instantly.

The trouble is said to have been caused over the settlement of an insurance claim for cotton that Fryer stored in McCall's warehouse in the Owensboro section, which was destroyed by fire a short time ago. The insurance companies are said to have adjusted the claim with McCall. County officers said today that "the incident is closed."

BETTER THE SEED

BETTER THE YIELD

## A Few Bags of Good Cotton Seed This Year

Will Stock Your Whole Farm With Good Seed For NEXT YEAR

MANY farmers have the mistaken idea that fine pedigreed seed are too expensive for general use. The most expensive seed are those that are mixed, run-out or non-vital. Every year we produce in quantity strains of our well-known varieties that were introduced one year previously. These seed are grown under the most careful conditions by our experts and are graded and tested for germination. They are, however, sold at such moderate prices that you cannot afford to sacrifice the greater yield and better product they will give.

Our moderate prices are within reach of every planter—Write us today.

We have always recommended, however, that every planter place his order each year for enough of our latest strains of seed to produce his planting seed for the following year. By doing this you can always keep up your seed to a very high standard of staple and production, at a minimum cost. One bushel of our Deltatype cotton seed should produce ample seed for planting a twenty acre crop next year, and the staple premium the lint brings will far more than pay for the seed.
